PROFESSIONAL SUMMARY

Product designer with 5+ years of experience building digital products for Telecom (Flow), Claro and Bayer, and an earlier background in brand, marketing and product launches. I lead products from problem framing and user research to launch, aligning user needs with business goals, commercial requirements and brand. Experienced working with Product, Marketing and Engineering teams and international partners such as Prime Video, Universal and Bayer Europe; led a team of 8 designers and took 4 products to production.

CORE SKILLS

Product and strategy: Product Strategy, Product Discovery, Problem Framing, Success Criteria, Roadmap and Prioritization, Stakeholder Management, Cross-functional Leadership, Agile
Business and brand: Value Proposition, Market Analysis, Go-to-Market, Pricing, Customer Acquisition and Retention, Brand Positioning, Partner Management, New Business Lines
UX and design: User Research, User Interviews, Usability Testing, UX Metrics (CSAT, CES), UX/UI Design, Interaction Design, Information Architecture, Prototyping, Design Systems, AI-powered Products

PROFESSIONAL EXPERIENCE

Senior Product Designer - Magoya

Clients: Bayer Europe and Bayer Argentina | Nov 2025 - Jun 2026

- Led end-to-end product design for B2B agtech tools, from problem framing and success criteria defined with Bayer leadership to validation and implementation support.
- Bayer Europe: redesigned the sales representatives' tool, replacing a fragmented CRM and Excel workflow with a dashboard, visit planning and AI-powered product recommendations, and structured visit data to feed the recommendation engine.
- Ran user interviews and usability tests in Spain, built a high-fidelity prototype in Figma Make and presented results to an international team in English; the proposal was approved by the client.
- Bayer Argentina: led the design of the migration from Experto Bayer to FieldView, Bayer's global platform, including functionality mapping, migration roadmap and prioritization, and a reusable component library; supported implementation through to production.

UX Lead - Telecom (Flow)

Sep 2024 - Oct 2025

- Led a team of 6 Product Designers and 2 Content Designers, managing priorities, professional growth and the quality of design solutions.
- Partnered with Product and Engineering to align design decisions with business goals and keep a consistent experience across platforms.
- Led the evolution of the Design System to improve consistency, scalability and delivery efficiency.
- Promoted data-informed decisions using product metrics, usability testing and qualitative insights, while staying hands-on in product definition.

Senior Product Designer - Telecom (Flow)

Jun 2022 - Aug 2024

- Led the redesign of the Android TV Home to support Flow's repositioning from a cable TV service to an entertainment and streaming offer: new top navigation, information architecture, streaming platform access and content discovery. Live in production.
- Worked across discovery, prototyping, in-person usability testing and post-launch validation using usage data, CSAT, CES and qualitative feedback.
- Identified a recurring pain point through surveys and user feedback and designed an in-player mini guide to browse channels without interrupting playback. Live in production.

UX/UI Designer - Claro

Apr 2021 - May 2022

- Designed a new business line within Packs Ya, Claro's prepaid app: content packs and streaming subscriptions. Live in production.
- Acted as the link between Marketing, Product, Design and international partners (Prime Video, Universal), aligning commercial goals, partner requirements and experience decisions in English-language reviews.
- Designed discovery, purchase and activation flows and extended the Design System with new components validated with the Design System team.

Graphic Designer - Freelance

Cologne, Germany | Dec 2019 - May 2020

Managed design projects from brief to delivery: visual identity, photography, digital assets and technical publications.

Senior Product Analyst - Strix by LoJack

Jan 2019 - Nov 2019

Contributed to the development and launch of a digital product, combining market analysis, value proposition and growth strategy; worked on pricing, customer acquisition and retention.

Design and Marketing - Salming Sports / Miding Studio

2016 - 2018

Contributed to Salming Sports' brand positioning and commercial development in Argentina with international stakeholders. Designed technical footwear for Montagne, from concept and 3D modeling to production follow-up.

Merchandising Analyst - L'Oréal Paris

Sep 2014 - May 2016

Designed point-of-sale displays and brand experiences, from concept through production, installation and rollout.
